

ERRATA

Page 4

Remove whole paragraph:

NOTE - Special exemption.

Sea Kayak Club WA Inc. has been granted a special exemption by the Department of Transport to the effect that SKCWA members, participating in programmed club events and using bona fide sea kayaks, are not required to carry red flares, orange smoke signals, anchor or anchor line when paddling within 400 metres of a shoreline. Bilge pump or bailer, and PFD1 lifejacket must still be carried and are not included in the exemption.

Page 6

Change shaded cells from 'O' to 'R':

Bilge pump - hands free	O	R	R	R	R	
Anchor and anchor line	NR	R	R	R	R	
2 x Red flares - hand held	NR	R	R	R	D	
2 x Orange smoke signals hand held	NR	R	R	R	D	
1 x Orange smoke canister	NR	NR	O	O	R	
2 x Red parachute flares	NR	NR	O	O	R	

Page 9

Delete sentence as shown:

Anchor and line

Marine safety regulations require that an anchor and anchor line be carried in open waters (ref. page 4). ~~Note that a special exemption to the SKCWA by the Department of Transport allows members on Club trips to paddle up to 400m offshore without an anchor.~~ A 1.5kg folding sand anchor with a 2.0m leader of 3.0mm stainless wire with swaged end eyes will suffice for this purpose. Fifteen metres of 4.0mm nylon cord stored in a small bag will suffice as an anchor line. All of this material is available from most boating suppliers. An anchor and line must not be stowed in the cockpit because it presents a serious risk of entanglement.

Page 10

Delete sentence as shown (note the previously missed typo referring to anchor instead of flares):

Flares

Marine safety regulations require that two hand held red flares and two hand held orange smoke signals be carried in open waters (ref. page 4). ~~Note that a special exemption to the SKCWA by the Department of Transport allows members on Club trips to paddle up to 400m offshore without an anchor.~~ These can be purchased separately or as an "offshore flare kit " from most boating suppliers. Parachute flares and smoke canisters can be obtained from the same source if required.
